

Christ United Methodist Church is pleased to have such a well-rounded demographic comprised of active seniors, newborns and everyone in between. Our weekly church services are at 8:30 am and 10:45 am. The worship style is traditional, although a praise band leads us in song prior to the 10:45 am service.

We are a large congregation with three hundred plus weekly worshipers and multiple ministries – not as booming as a mega-church, but bigger than the corner church or rural congregation from which you may have come.

Please feel free to reach out to us if there is anything we can do for you or any questions we can answer. You may call our church office anytime at 215-855-1643.
